Ghassen Sakka

Cloud Consultant — Azure Architecture • FinOps • Governance • Migration & DevOps
sakkaghassen@gmail.com | +216 25 442 430 | ghassen-sakka | Boumhal, Tunisia

PROFILE

Cloud Consultant at CloudShift, a Microsoft Partner, specializing in Azure cloud architecture, FinOps, and governance. I help clients design Landing Zones, automate Infrastructure as Code, and migrate workloads to Azure, with a strong focus on security, compliance, and cloud cost optimization. Certified Microsoft Azure Administrator, Azure Virtual Desktop, and Information Security Administrator.

CERTIFICATIONS

- **Microsoft Certified: Azure Administrator Associate** — Microsoft *(Jun 2026 – Jun 2027)*
- **Microsoft Certified: Azure Virtual Desktop Specialty** — Microsoft *(Jul 2026 – Jul 2027)*
- **Microsoft Certified: Information Security Administrator Associate** — Microsoft *(Sep 2026 – Sep 2027)*
- **CCNA: Switching, Routing, and Wireless Essentials** — Cisco *(Sep 2024)*
- **Attendance Hashgraph Developer** — The Hashgraph Association *(Oct 2025)*

PROFESSIONAL EXPERIENCE

Cloud Consultant – CloudShift (Microsoft Partner) *Jun 2025 – Present*
Cloud & DevOps Intern (Jun – Aug 2025), then Cloud Consultant.

FinOps SaaS – Azure Cost Optimization & Governance *(Microsoft Marketplace / Clients : BIAT-IT & Vermeg)* *Jun 2026 – Present*

- FinOps SaaS solution detecting cloud waste and cost-optimization opportunities via secure, read-only access (Azure Lighthouse), with an optimization request tracking workflow; published and certified on Azure Marketplace.

SaaS – Automated Azure Landing Zone Deployment *(Microsoft Marketplace)* *Mar 2026 – Jun 2026*

- SaaS solution for automated, customizable Landing Zone deployment (VNet, Subnets, NSGs, VNet Peering, Azure Firewall, Azure Bastion , VPN), secure multi-tenant access via Azure Lighthouse, automated Azure Policies, and real-time topology visualization; published on Azure Marketplace.

SaaS – Azure Governance & Compliance *(Microsoft Marketplace)* *May 2026 – Jun 2026*

- SaaS governance solution: Azure Policy compliance tracking, tagging analysis engine, regulatory compliance (ISO 27001, NIST, MCSB, PCI-DSS), centralized dashboards; published on Azure Marketplace.

Secure Azure Architecture for HRIS *(COFAT Client)* *Dec 2025 – Jan 2026*

- Secure, scalable Azure architecture for an HR Information System (Angular, NestJS, PostgreSQL): private network (VNet, subnets, private DNS, Bastion), Microsoft Entra ID authentication, secured services (App Service, Container Instances, PostgreSQL Flexible Server, Blob Storage, Key Vault).

Azure DevOps / Power Platform CI/CD Automation *(Castel Afrique Client)* *Aug 2025*

- Azure DevOps CI/CD pipeline automating Power Platform solution deployment (DEV export → versioned artifacts → PREPROD/PROD import), reducing manual intervention.

Web Developer (Internship) – BIAT Insurance Headquarters *Jul 2024 – Aug 2024*

- Developed a web application, containerized with Docker, then deployed on Azure App Service with an Azure-hosted database.

Teacher – Easyways Academy *Oct 2023 – Dec 2023*

- Online courses on algorithms and complexity.

TECHNICAL SKILLS

- **Cloud Architecture & Networking :** Microsoft Azure, Azure Landing Zone, Hub-and-Spoke, Virtual Network (VNet), Subnets, NSG, VNet Peering, Azure Firewall, Azure Bastion, VPN ,Cloud Adoption Framework (CAF)
- **Migration & IaC :** Terraform, Bicep, ARM Template, Ansible, Azure Migrate
- **FinOps & Cost Management :** Azure Cost Management, Budgets & Tagging, Reservations, Right-Sizing
- **Governance, Security & Compliance :** Azure Policy, Management Groups, RBAC, Microsoft Entra ID, Azure Lighthouse, Microsoft Defender for Cloud, Key Vault
- **Azure DevOps & Automation :** Azure DevOps (CI/CD), Jenkins, SonarQube, Prometheus, Grafana
- **Azure Services**
- **Additional Skills :** Docker, Kubernetes, OpenStack, SQL/PL-SQL, Python, Java, C/C++, JavaScript, PHP, Symfony, Spring Boot, Angular, NestJS, .NET

EDUCATION

Engineering Degree in Computer Science – IT Architecture & Cloud Computing, ESPRIT (2023 – 2026)
Integrated Preparatory Cycle – Mathematics & Computer Science, Faculty of Sciences of Tunis (2021 – 2023)
High School Diploma – Computer Science, Cité Salem Boumhel High School (2017 – 2021)

LEADERSHIP & ENGAGEMENT

Vice President – LEO Club Boumhal La Providence *Jul 2024 – Jul 2025*
Member – INCEPTUM Junior Enterprise *Oct 2024 – Present*
